Career summary

Frontend Developer with 3 years of experience building responsive, scalable, and high-performance web applications. Proven track record of improving website performance and enhancing user experience through optimized UI/UX. Adept at collaborating with cross-functional teams, delivering projects on time, and applying best practices in accessibility and state management.

Work Experience

Frontend Developer, De-Virtuosphere ✉

02/2024 – present

Remote

- Built and optimized user interfaces for NFC-based attendance solutions, enabling automated check-ins for businesses and educational institutions.
- Improved cross-device compatibility using responsive design and WCAG accessibility standards.
- Collaborated with backend developers and designers to deliver scalable, high-quality frontend solutions.

Frontend Developer Intern, NetWalkerNG ✉

08/2023 – 01/2024

Remote

- Delivered multiple responsive UI components and web projects in a fast-paced, Agile environment.
- Collaborated with designers and developers to build scalable software solutions under strict deadlines.
- Gained hands-on experience with Git, Agile methodologies, and version control best practices.

Software Engineer Intern, Cowrywise ✉

01/2022 – 06/2023

Ikeja, GRA, Lagos

- Contributed to the Cowrywise web platform, enhancing user experience and accessibility for fintech solutions.
- Integrated APIs and implemented state management for seamless data flow.
- Assisted in debugging, troubleshooting, and code reviews to ensure application quality.

Projects
